

COVID19 – General Safety Protocol

Ver 2022

CIPS – International Confederation of Sportive Fishing

PREMISES

This Protocol contains the provisions provided by all three International Federations of CIPS and by the National Federation organizing the Championship for the protection of Delegates', Athletes', Captains', Guests' and the Staff's health who in various ways will be present at the Championship. It is to be applied on each Championship organized on behalf of CIPS/FIPS in 2022.

This Protocol extends the existing version of International Federation Competition Rules and Rule Modifications and is to be applied as a minimum or as an extension to the existing national/local or regional safety rules of the host country which shall take precedence.

Basic definitions

Social distance - safety distance of **2 metres**

Face covering - a surgical mask or FFP2/N95 mask (a textile covers such as scarf, buff is not acceptable)

PPE – personal protective equipment

Basic requirements

- Permission from the Government or other official body of the host Nation for the International Organiser/Committee to hold the Championship.
- Permission to travel to and from the host country for participating teams. Some countries may still have a travel ban in place.
- Generation of risk self-assessments and an anti COVID-19 strategy which is approved by all concerned parties. This would be circulated well before the Championship.
- Evaluation of the feasibility of holding the Championship. Number of participating teams and championship budget including costs associated with the anti COVID-19 strategy.
- Provision of suitably trained anti COVID-19 medical support throughout the course of the Championship. Contingency planning in the event of an outbreak of COVID-19 during the Championship including immediate termination of the competition and a containment strategy which may include significant medical intervention.
- Acceptance by all participants that quarantine restrictions may be imposed by the host country on entry and in the event of a COVID-19 outbreak.
- Ensure that participants understood to be in higher risk groups (e.g., with underlying medical conditions and 65+ years) are aware of the increased risk of severe disease. Data information rules may apply. Vaccination of participants useful in the mitigation of severe disease (particularly relevant to at-risk participants of Masters, Veterans and Disabled Championships).
- Host federation must provide details all national, regional and local safety rules for all participants.
- Acceptance by all participants of the national, regional, local and FIPS safety rules.

- All teams to have their own face coverings (including spare ones), hand disinfectants and to form a “safety bubble” for entire event.
- All used face coverings, other PPE and disinfecting materials must be disposed of in a secure and safe manner.

1. REGISTRATION

Registration must be carried out in a dedicated registration room. The organizer must provide disinfectants (e.g. hand sanitizer fluid) at the entrance to the room. The wearing of face covering is mandatory during the registration process. **Only 1 dedicated person** per team (ideally captain/manager) can register the team. All participants should hold Digital COVID-19 Certificate, delivered after vaccination against COVID-19 or after recovering from COVID-19.

All those who do not possess a valid COVID-19 certificate (green pass) must provide evidence of a negative COVID-19 test (level determined by national/local or regional safety policy) within 72/48 hours of registration.

Prior to registration teams are obliged to send to the organizers:

- application forms (by the deadline provided);
- signed **Covid-19 Self-declaration** form (attached to the application and published on the websites of CIPS and FIPS) of each participant. It will be acquired by the Representative of International Federation present and 14 days after the championship, in compliance with the privacy regulation, it will be responsibility of International Federation to dispose them;
- correct names of team members + official reserve;
- all official documents regarding COVID-19 tests and vaccinations (if required by the organizer).

2. COVID MANAGER

The organizing Committee of National Federations hosting the event must appoint a COVID Manager who is responsible and accountable for:

- coordination of preventive measures and prompt medical intervention;
- controlling and implementation the provisions of this Protocol;
- verification of compliance of the provisions implemented in the protocol and the supplementary ones, referring to the venue within which the competition takes place;
- allocation of a dedicated place/room for isolation of positive cases.

He/she is acting as a single point of contact with the local/regional medical authority. Contact on the COVID Manager shall be provided early in advance by the organizer respectively published on the website of the Championship.

3. CONTINGENCY PLAN FOR THE COMPETITION DAYS

All participants should hold Digital COVID-19 Certificate, delivered after vaccination against COVID-19 or after recovering from COVID-19. Any participants that do not hold the above-mentioned COVID-19 Certificate should be tested for COVID-19 (level determined by national/local or regional safety policy), the day prior to the first competition day. Evidence of this certificate must be delivered to the organisers in order to be allowed to take part to the competition. Any positive cases to be immediately isolated and excluded from further participation. In the event of any team member/official testing positive then all contacts of that individual would have to self-isolate for 7+ days, if they do not possess the COVID-19 Certificate.

Within 14 days after returning home from the event, if any event participant shows COVID symptoms, and/or receives a positive test result he/she should immediately notify the event Organising

Committee and along with details of his/her close contacts retrospectively during the event in order the contact trace procedure can be applied.

The costs related to the COVID-19 tests and to the extension of the stay due to quarantine measures as well as any costs for health care are entirely borne by the persons involved.

4. HOTEL

The organizer/hotel must provide all necessary disinfecting materials in the hotel. The wearing of face covering is mandatory during the entire stay in common areas and restaurants except for the consumption of food and drink. Communal meals and drinks must be served and consumed at the table (**no** self-service buffet). Each team must have its own dedicated table for the entire duration of the event. Full compliance with the safety rules provided for restaurants, bars and hotels must be strictly followed. Team members must stay at the table for duration of meal in the restaurant. Packed lunches for competition days are to be provided. Only one dedicated person (ideally captain/manager) will come to collect the packed lunches in boxes for his/her whole team. After any excursion, each participant's temperature will be tested with an infrared non-contact thermometer before entering the hotel. **No** socializing among team residents in the hotel is allowed.

5. SPECTATORS

All spectators must comply with host country/region COVID-19 regulations.

6. CAPTAINS' MEETINGS

A large room with chairs at a social distance from other must be provided. At the entrance to the meeting room each participant must disinfect his/her hands using the provided fluid. Only one team representative can take part at the Captains' meeting. Participants must possess Digital COVID-19 Certificate, delivered after being vaccinated against COVID-19 or after recovering from COVID-19. All those who do not possess a valid COVID-19 certificate (green pass) must provide evidence of a negative COVID-19 test (level determined by national/local or regional safety policy) within 72/48 hours of registration.

Inside the meeting room, staggered seats and staggered rows must be provided, with special signs on the prohibited seats to ensure social distancing. The number of seats must be adequate for the number of participants and no one can participate in the event while standing in the hall. The distance between one speaker and another on the chairman's table is 2 m.

The use of hand-held/mobile microphones is not allowed. In order to reduce meeting time, the captains of each team must have previously checked and signed off the list of their competitors' data and have declared their reserve (at registration). The results of the draw and rankings will be made available to participants only via the Internet (to avoid any concentration of people, there will **no** information board available). To minimize movement within a room, the FIPSeD Representatives will be carry out the manual draw instead of the captains. A virtual captains' meeting is an option and will be at the discretion of International Organizer and FIPSeD Representatives.

7. CEREMONIES

The opening ceremony must be done outdoors, in a large place, taking care the respect of the necessary distance between all participants and to keep the mask for the duration of the event, which must be as short as possible. The formal declaration of opening of the championship made by the FIPSeD Delegate and the speech of local Authorities is the minimum request.

During the closing ceremony, whether it takes place outdoors or indoors, it will be mandatory to wear face covering and maintain a social distance.

Medals and the trophies will be placed on a table near the podium and each competitor, called, will take his/her medal and trophy before going to the podium. The disinfection of hands and exposed surfaces beforehand is strongly recommended. The use of hand-held/mobile microphones is not allowed. Only static/fixed microphones are permitted and must be thoroughly disinfected before their use by individual speakers.

COVID19 – General Safety Protocol

Fédération Internationale de la Pêche Sportive en eau douce

COMPETITION – BANK FISHING

Host country officials and stewards to be adequately briefed on COVID-19 Protocol and supplied with appropriate PPE and disinfection materials. Stewards, competitors and organizing staff must wear face coverings and maintain social distancing during all pre- and post-competition activity.

The scoring card after recording of a fish or the weight will be shown visibly to the competitor and will be signed off by the steward after a gesture of approval by the competitor. At the end of the session, the competitor is advised to take a digital picture of the scoring sheet. The competitor is not required to wear face covering during the competition session. The steward/official must use face covering during any close contact and/or in conversation with the competitor.

COMPETITION BY THE BOAT

All above instructions for the bank fishing apply. All boats must be disinfected before each session. In order to maintain a social distance for the entire session. The steward is to wear a face covering during the entire session.
