-36- 1- WHEN BAD CONDITIONS BREAKS OUT BEFORE OR DURING PREPARATION

No angler shall be allowed to access his/her peg or prepare his/her material; a signal shall indicate the postponement of the access into the angling peg or the end of the preparation phase. If the weather or water-related conditions and the competition schedule allow, the leg may be regularly performed.

If the weather or water-related conditions do not improve or the competition schedule does not allow, the leg shall simply be cancelled. The cancelled leg shall not be considered when making the rankings, which shall be established based on the results of the held leg. The cancelled leg shall not be held at a later stage.

2- IF BAD CONDITIONS BREAKS OUT DURING THE LEG

With the permission of the jury, the organization, through the stewards of the different pairs, will make a signal which means:

- a) immediate stop of fishing (1st signal from the organization);
- b) anglers must stop fishing and any fish hang at the end of the line will not be counted;
- c) fishing rods must be placed on the ground, in the fishing area, and anglers must take shelter moving away from the fishing rod (red card);

g) a 4th signal, 5 minutes later, will authorize the resumption of fishing.

As the storm is not part of the competition, the leg will be extended depending on the length of the stop (storm).

Maximum 2 breaks shall be authorised in one leg, and their overall duration shall not exceed one (1) hour; otherwise, the leg shall be stopped for good.

The Jury may shorten the duration of a leg if the competition schedule does not allow to complete the leg (decision of the jury).

Should the weather or water-related conditions not allow duly carrying out a competition, the Jury may decide to cancel one leg. Said leg shall not be postponed and the ranking shall be drawn up based on the leg that was actually carried out. The cancelled leg shall not be held again.

ANTI-DOPING CONTROLS

-37- F.I.P.S.e.d. adopts the World Anti-doping Code applied by C.I.P.S. For this reason, it is possible that anti-doping controls are carried out under the aegis of the World Anti-Doping Association (W.A.D.A.).

The organizer of the world championship as well as some members of F.I.P.S.e.d. will be notified if controls will take place. All the persons concerned are bound by professional secrecy.

A doctor recognized by W.A.D.A. will be appointed by the anti-doping organization of the host country.

The designation of anglers for control generally proceeds as follows:

- a) the participating countries are listed and numbered from 1 to n according to the number of participating countries;
- b) the drawing of lots is carried out by the doctor with balls numbered according to the number of participating countries;
- c) a number of Nations equal to number of the competitors that will be submitted to anti-doping control is drawn;
- d) then on each of the registration lists of nations previously drawn, an angler will be designated by drawing lots in the same way as for designating countries by the doctor;
- e) the designated anglers will be looked after by the persons responsible (dispatch riders) to take them to the room provided for the control;
- f) the angler to be checked must entrust his fishing equipment to a member of his team (the reserve, the captain, the delegate, the angler with whom he forms the pair, etc.); failing this, the organizer must have the equipment monitored by a steward or another person. The organizers shall be responsible of the fishing material and equipment of the angler drawn to be tested, while he is undergoing the anti-doping control;
- g) the angler may be accompanied by a person of his choice who preferably speaks English which is the official language of W.A.D.A.;

- h) during a championship, the anglers selected to undergo to anti-doping controls shall imperatively go to the designated place at the indicated time, following F.I.P.S.e.d.'s or the Jury's guidelines. Any angler selected to undergo anti-doping checks who does not report for the controls shall be disqualified from the competition and shall be given a penalty corresponding to the bottom rank in the ranking + 1, for all the competition days he participated in.
- i) the results will be notified by W.A.D.A. to C.I.P.S. who will communicate them to the Federation of the concerned angler;
- j) in the event of a positive result, the relevant angler will be subject to the decision of the C.I.P.S. Anti-Doping Tribunal and, in the event of a condemnation, he may appeal at his own expense;
- k) organizing Nations shall cover all anti-doping controls costs. All contacts with the NADO (National Anti-Doping Organization) of each Nation shall be exclusively kept by the organizers of the championship under consideration;
- l) in the event of a positive result, the relevant angler will be subject to the decision of the C.I.P.S. Anti-Doping Tribunal and, in the event of a condemnation, he may appeal at his own expense.

C.I.P.S., in quality of Testing Authority, will issue the relevant mission order on the ADAMS System, with the concerned instruction for the doping control tests.

A copy of the Doping Control Form (DCF), signed by the Doctor who has provided the tests, must be sent to the C.I.P.S. Secretariat cipssecretariat@cips-fips.com or delivered immediately after the competition to the F.I.P.S.e.d. official delegate present on place, who will forward it to C.I.P.S.

The athletes participating in the Championships, by registering, implicitly accept all WADA anti-doping rules.

Athlete whose illness or condition requires treatment with a prohibited substance or method must apply to C.I.P.S. for a Therapeutic Use Exemption (TUE) following the C.I.P.S. strict TUE application process.

He/she shall then use the application form, which can be downloaded from the ITA website: https://ita.sport/uploads/2021/02/ITA_TUE_Form.pdf.

The TUE request has to be sent to the following address: tue@ita.sport.

Athletes must therefore consult the Prohibited List https://www.wada-ama.org/sites/default/files/resources/files/2021list_en.pdf.

During the individual prize-giving ceremony, the fourth and fifth classified must also be called to the podium, but no medals will be awarded. At the end of the sports year, the athletes in question will receive the diploma certifying the result they have achieved.
