

3RD TROUT AREA WORLD CHAMPIONSHIP

LITHUANIA 2023 NOVEMBER 4-5

Vasaknos pond, Zarasų raj.

BEAUTIFUL COUNTRY

LITHUANIA

Tomas Būdas, President of Lithuanian sport fishing federation.

Dear anglers, we invite you to come to Lithuania, the country is small but very beautiful. We are very happy that the 3rd Trout Area world championship will be held in Lithuania. We wish everyone good emotions, fair competition and great impressions from Lithuania.

Kęstutis Kovalenkovas

President of LUSGA, Lithuanian Area Trout Association

Welcome Trout Area maniacs,

five years ago, Lithuanian Area Trout Association organized the first Trout Area tournament. It was an incredible journey from that 30 people tournament to this event that gathers, in one place, the most performant trout area anglers of the moment.

We worked hard and we are proud that today we will be the host of this major event. It is a promise that we kept to our anglers, and we hope to fulfil more promises and more of their dreams in the future.

Until then, may you have a pleasant stay in Lithuania, a great tournament and even greater memories.

Welcome and thank you for honoring our invitation.

ANTI-DOPING INFORMATION **TUE REQUESTS**

The athletes participating in the Championship, with the registration, implicitly accept all WADA anti-doping rules.

Athlete whose illness or condition requires treatment with a prohibited substance or method must apply to CIPS for a Therapeutic Use Exemption (TUE) following the CIPS strict TUE application process.

He/she shall then use the application form, which can be downloaded from the ITA website:
https://ita.sport/uploads/2021/02/ITA_TUE_Form.pdf

The TUE request has to be sent to the following address: tue@ita.sport

Athletes must therefore consult the Prohibited List https://www.wada-ama.org/sites/default/files/2022-09/2023list_en_final_9_september_2022.pdf

If the TUE is granted, the athlete will then be permitted to use the medication during the period of validity of the TUE without committing an Anti-Doping Rules Violation (ADRV).

Regardless of whether a TUE has been granted or not, athletes should always declare on the doping control forms filled out during sample collection any medications and supplements taken within the seven days prior to sample collection, and any blood transfusions in the three months prior for blood samples.

If a TUE has already been granted by a NADO or by a RADO, the Athlete in question does not have to apply for any additional CIPS TUE, as CIPS recognizes all TUE granted by NADOs and RADOs.
