World Championship
for Nations and Clubs/**2024**

torrente Solano
Castel San Niccolò (AR) Italia
4-7 aprile

The Italian Sport Fishing Federation is proud and honored to organize the World Fishing Championship, we are pleased to present our official invitation, valid for all National Federations of Sport Fishing. We will certainly give our best to make the World Championship in Tuscany Region be an exciting event, and we look forward to seeing you in Italy

Welcome, dear angler friends,

I am delighted to express on my name and on behalf of the Italian Sport Fishing and Underwater Activities Federation (FIPSAS), the best greetings to all participants at the Trout Fishing with Natural Baits World Championships for Nations and Clubs 2024 that is going to take place on April 4th and 7th, in a charming area of Arezzo, on the Torrente Solano, characterized by clear and fresh waters populated by beautiful trouts.

I am particularly honored to express my warmest welcoming to all in Tuscany, my region of origin, which has hosted many world fishing championships, I am sure that you, my dear friends, always return here with pleasure as you appreciate the natural environment and the typical hospitality of the place.

I wish all athletes, coaches and all the people involved in this event to spend intense days of fair competition, moments of sharing as well as an opportunity for athletic and personal growth.

I would like to thank the local authorities and structures for their hospitality and all those who are collaborating in the organisation in various forms, especially because very often they are sportsmen and women who give their contribution out of true passion and make me feel proud of the world I am honoured to represent.

The FIPSAS President

Prof. Ugo Claudio Matteoli

Dear friends,

a big welcome to all participants to the Trout Fishing with Natural Baits World Championships for Nations and Clubs 2024 which takes place this year in Italy. In Arezzo, Tuscany, you will find many friendly friends who will host you, young fishermen who love sport and the environment, people very good in the organisation.

You have been very often in Italy for this championships in the last few years, generally in the Alps, this time is the right opportunity to welcome you in the center of Italy and to let you fish in the waters that flow between the Apennines mountains.

You will find cordiality and courtesy and a remarkable range of services that will make you spend unforgettable days.

I would like to take this opportunity to thank the Organising Committee FIPSAS of Arezzo, which was involved in the organisation of the Championship with great enthusiasm and competence.

I would like that this international event leaves a good memory to all of you, both from the sporting point of view and as regards your presence in Italy.

I would like to close this greeting by thanking all of you, athletes, captains, managers and companions for having, once again, accepted the invitation to come to Italy.

Antonio Fusconi

The FIPSAS Surface Fishing Sector Responsible

Information about organizing place

Located in the region of Tuscany, in the province of Arezzo, Castel San Niccolò is a charming Italian town nestled in the picturesque hills of the Apennines. With a history dating back to the Middle Ages, this picturesque town offers an authentic atmosphere and breathtaking natural beauty. The origins of Castel San Niccolò can be traced back to the 10th century, when the settlement was founded as a stronghold to defend the Guidi County. Over the centuries, the village was the subject of several disputes between local noble families. It was only in 1776 that it became a municipality in its own right, taking the name Castel San Niccolò in honor of Niccolò Machiavelli, a famous Florentine politician and writer born in this area.

One of the most interesting sights in Castel San Niccolò is Castello Guidi. Built in the 12th century, the castle was originally a medieval fortress with a defense function. Today, after careful restoration, it hosts exhibitions, cultural events and theatrical performances. From the highest point of the main tower, it is possible to enjoy a breathtaking panoramic view of the surrounding countryside.

The Church of Santa Maria Assunta is another must-see in Castel San Niccolò. Dating back to the 12th century, this Romanesque church features an elegant stone bell tower. The interior of the church is adorned with Renaissance frescoes and sacred furnishings of great artistic and historical value. Its peaceful and evocative atmosphere creates a unique spiritual experience for visitors...

To learn more about the history and tradition of Castel San Niccolò and its people, the Museum of Peasant Civilization is a must-see. This ethnographic museum offers valuable evidence of Tuscan rural life in the past, with displays of agricultural tools, handcrafted objects, costumes and period documents. Through a well-maintained exhibition itinerary, the museum offers an interesting journey through time.

Castel San Niccolò is a hidden gem of Tuscany that deserves to be discovered. With its thousand-year history, cultural attractions and surrounding natural beauty, this small town offers an authentic and unforgettable experience. Visiting Castel San Niccolò means immersing yourself in the charm of the Tuscan countryside and discovering a place rich in art, culture and tradition.

The competition venue

The competition will take on Solano Torrent in Castel San Niccolò Village, the venue is also 5 km long, the width is between 10 and 20 m, the depth varies between 50 cm and 1,5 meter.

Species present: Trout (*Salmo trutta fario*, *Oncorhynchus mykiss*), whose weight varies from 150 g to 250 g approximately.

ANTI-DOPING INFORMATION **TUE REQUESTS**

The athletes participating in the Championship, with the registration, implicitly accept all WADA anti-doping rules. Athlete whose illness or condition requires treatment with a prohibited substance or method must apply to CIPS for a Therapeutic Use Exemption (TUE) following the CIPS strict TUE application process.

He/she shall then use the application form, which can be downloaded from the ITA website: <https://ita.sport/resource/international-testing-agency-therapeutic-use-exemption-tue-application-form/>

The TUE request has to be sent to the following address: tue@ita.sport

Athletes must therefore consult the Prohibited List

<https://www.wada-ama.org/en/resources/world-anti-doping-code-and-international-standards/prohibited-list>

If the TUE is granted, the athlete will then be permitted to use the medication during the period of validity of the TUE without committing an Anti-Doping Rules Violation (ADRV).

Regardless of whether a TUE has been granted or not, athletes should always declare on the doping control forms filled out during sample collection any medications and supplements taken within the seven days prior to sample collection, and any blood transfusions in the three months prior for blood samples.

If a TUE has already been granted by a NADO or by a RADO, the Athlete in question does not have to apply for any additional CIPS TUE, as CIPS recognizes all TUE granted by NADOs and RADOs.
